

It is Ansell's aim to manage our business whereby growth, commercial objectives and the protection of the environment are appropriately balanced to optimize benefits for present and future generations.

- Every manager shall have **minimization of hazards and the prevention of any injury** as a core responsibility and performance objective at all Ansell plant, office, warehouse or R&D center.
- All Managers will undertake **appropriate training** to effectively manage safety.
- Every Ansell location and all Ansell employees shall participate in ongoing **safety awareness, training and recognition programs**.
- All managers to the supervisor level will conduct **monthly safety inspections** at all Ansell locations.
- Incidents shall be reported according to **Ansell's Incident Management Procedure**. Reporting shall include the circumstances around the event and preventative actions going forward.
